

## Congregational Access to AccessACS

Christ's Community Church congregation and staff can create a user account to sign up for Life Groups, serve opportunities and events, view the church calendar and view their database information, among other things. In order to create an account, an individual must have a record in the database and match the first, last name and email address on record.

If you have submitted an information form recently, completed a Connection Card or are a member of CCC, it is likely that you will be able to create your AccessACS account. Go to <http://cccds.net/members>, (Click Members) then click on the AccessACS link. **Need a login? Click here** to begin the process.
